Chapter 1 - Faith's Ass is Altered and Prepared

*Character based on Faith Lianne

The heat was stifling.

Sweat dripped from every pore of her lean, tight body.

Raising her head to look around the dark, steamy room, the tan nineteen year old blonde sees she is bound in a small dimly lit room.

The walls dripped with globs of clear slime and the petite teenage brat was bound by dried secretions at her knees and elbows.

Her left elbow and knee were bound together, and the same was true for her right appendages.

Nude and wet with both sweat and slime, the spoiled trust fund baby found herself in this predicament all on her own accord.

Aliens had invaded the planet the year before and she, with promises she would be the queen of humanity, sided with the aliens.

Defeated by Earth's united forces, the aliens withdrew.

Having killed many through her actions and information, Faith had left with the aliens, who quickly betrayed her in an attempt to create a new species to fight humanity.

Now helpless, bound, and awaiting who knows what, the evil beauty screams angrily to be let go, trying in vain to remind the aliens of all she had done to help them win.

But it was for not.

Now, descending from the ceiling a large, baseball bat sized slimy tentacle, it's tip drooling with cum, falls with a wet flop onto the cruel teenager's back, making her gasp in shock as slime drips down her every crevice.

"Ew get off me!" She demands as the massive cock lazily slips itself down between her large round ass cheeks.

"Gross!" She wails in her stuck up but cute voice, flailing against her bindings as the tentacle lustfully rubs itself between the cute blonde's full and firm butt cheeks.

"You said I would be queen you fuckers!" She screams in rage as her slime drenched backside is now prodded by the tentacle, her tight virgin asshole tense and pink.

"You will be *a* queen, the depths of your bowels will give life to our savior." A disembodied voice tells the flailing brat just as the tentacle starts pushing hard into her tight anus.

"No, not my ass! Please!" She begs while thrashing pointlessly against her bindings in an attempt to break free as her tight pink asshole slowly began to spread.

Now with a good angle, the tentacle is able to press itself firmly between the teen's spread apart ass meat.

With a wet loud slop and a cry of pain from Faith, the tip slipped into her, making the girl flail and scream.

"Get out of my ass! What are you doing?!" She whines before blushing a deep red and letting out an involuntary moan of passion as her bowels are flooded with a powerful aphrodisiac and lubricant that instantly makes her body go tense and cum.

Stuffing the phat bottomed brat's ass like one injects cream into a pastry, the sinful blonde's guts gurgle as they are changed from the inside.

"No!" She whines shrilly as she clenches down hard and the tentacle begins to back up, bulging with cum.

The cum-laden tentacle becomes so engorged that it spreads Faith's thick soft ass cheeks even more as the bitch's toes clenched and she ground her teeth in a frustrating effort to keep her ass shut.

But in a moment of weakness she relaxes and with a loud disgusting splurt and a pained cry of orgasm, more cum is shot into her sensitive, altered ass.

"Oh god I'm cumming again!" She wails, as her belly swells noticeably with aphrodisiac cum.

Struggling in her face down phat round ass up position, Faith's body is beyond her control as she orgasms stronger than she ever did in her life.

The muscles in her legs even cramped painfully from how curled her toes were.

"I want to stop cumming! Please it hurts!" She begs in between whimpers of painful ecstasy.

Done ejaculating and preparing its host's bowels for impregnation, the tentacle must now line the depths of Faith's large intestines with eggs about four feet deep, from where they will grow, gestate, hatch, and then erupt out of Faith's ass in a rather explosive manner.

Forcing its slimy, bumpy body deeper into her ass with a loud wet slurp after a bit of resistance, the tentacle begins to dive into the teen's cum

packed bowels.

"Oh its going deeper!" She wails as wet farts and splurts of cum explode out in strings, covering the phat brat's bottom in alien jizz as she moans in passionate pain.

Twisting and turning violently between the blonde's round jiggly ass cheeks, the tentacle's body bulges in effort every view seconds as it gets stuck diving deeper into the blonde's semen coated rectum.

"Oh god, ouch! I'm cumming again! Ohhh!" She screams, her voice straining as her body goes tense again as the stuck tentacle, in a sudden move, breaks free and slams deeper into her bowels with a disgusting deep wet fart.

With momentum on its side and Faith unable to fight back as she continued to cum with a whining whimper as her ass was plowed, the tentacle in just thirty seconds got over two feet deep into the cute bitch's big round butt.

All the semen that had been stuffed up the teen's big trembeling ass was being further compacted by the bumpy tentacle diving ever deeper.

Now her stomach swelled and gurgled even more as the teen finally came down from her orgasm as the tentacle, over two feet deep and with two more to go, got stuck once more.

"Oh please wait, my ass needs to rest!" Faith begs, only to grunt and then cry out as the tentacle deep in her ass goes crazy trying to get through a turn in her guts.

Wincing and trembling as she let out loud animalistic wails, the teen practically sobs as she cums upon the lodged tentacle successfully ramming itself deeper into her full round onion butt.

Making good progress up the flailing, ass up face down beauty's bouncing, jiggling bubble butt, the tentacle is practically four feet deep into her ass, her red stretched anus spread three inches around the wart covered tentacle.

"Sooo deep, oh please don't move, I'll come again." Faith begs trying to catch her breath.

When she feels a large bulging egg press into her ass, the tired girl went wide eyed and screamed.
